

# Drop Copy Gateway Summary

## Access terms

- Access to WSE's Order Gateway Service is allowed only for Exchange Members (PRD i UAT) and ISVs (DEV).
- Access to WSE's Drop Copy Gateway Service in the UTP system and the Test System is provided through MPLS technology from one of the certified suppliers ([list](#)) or from an external administrator ([list](#)).
- ISV access is provided through MPLS technology from one of the certified suppliers ([list](#)) or VPN via the Web.
- Access to WSE's Drop Copy Gateway Service is provided via one of the following protocols: FIX v.4.2 with elements of FIX v.4.4 ([specification](#)) or binary protocol ([specification](#)).
- Number of connection sessions for Exchange Members is unlimited, but determined by Exchange Member's needs. For ISVs it is limited to 2 sessions.
- The Exchange Member selects the scope of data to be downloaded via the connection to Drop Copy Gateway Service. This includes:
  - Copies of messages containing trade confirmations;
  - Copies of messages with trade / order confirmations, order modifications and order cancellations.

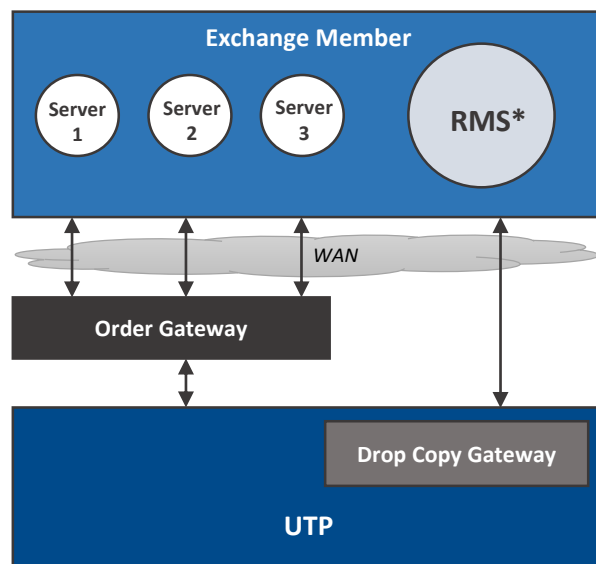

## Service description

- The solution enables the on-line download of trade confirmation copies and/or trade confirmations sent over the order processing communications channel.
- The Exchange Member is responsible for designing and maintaining the Drop Copy Gateway Service access architecture.

### Examples of Drop Copy applications:

- On-going monitoring of risk generated by a client who uses DMA.
- Exchange Member sends orders from several physical locations (different access points), then the head office receives confirmations of all trades / orders.

## Scheme

## How to order?

**Sign the agreement concerning access of the Exchange Member to Exchange IT systems and/or complete attachments to the agreement:**

- No. 3 attachment to the agreement concerning access of the Exchange Member to Exchange IT systems.
- No. 4 attachment to the agreement concerning access of the Exchange Member to Exchange IT systems (Technical Data Sheet).

**Exchange Members** – completed attachments to the agreement should be sent to the Exchange Membership Team:
